PHYSICAL DEMANDS & SAFETY REQUIREMENTS FOR COSMETOLOGY

It is extremely important that you are provided with all the facts about the physical requirements that your future career demands. The following is a list of physical demands you may encounter in this industry.

Body Position: Long periods of time standing are required for cosmetologists.

Hands: Your hands will need protection from chemicals and continuous exposure to water and cleansing agents. Hand care products are recommended for all service professionals.

Back: Minor back stress may be caused by long intervals of standing, sitting or leaning. Please consult your physician or chiropractor if you have experienced back pain in the past.

Chemicals: As a cosmetologist you will be required to work with many different types of products and chemicals. If you currently have allergies or sensitivities to chemicals, please consult your physician with a list of the chemicals you will be exposed to.

Sanitation: Communicable disease can be easily transmitted from one individual to the next. Special attention must be paid to yourself and your client to avoid spreading any disease.

Trade Tools: There are obvious hazards when working with sharp objects such as scissors, razors, clippers, lancets, extractors, etc. Caution must be used when handling any such item.

General Safety: On a daily basis use caution and common sense to avoid entering into any of the following situations: chemical burns, cuts and abrasions, excessive heat from hair dryer, hot water, harmful vapors or fumes, injury to eyes, and physical injury resulting from spilling liquid.
